

SPS Connect 2020 – Visit our virtual fair display

we would have loved to personally show you our innovations around ASi and ASi-5 at the SPS (Smart Production Solutions) trade fair in Nuremberg. Unfortunately, it could not take place because of the current situation concerning the coronavirus. The right alternative: Visit Bihl+Wiedemann at the virtual platform

SPS Connect 2020

from 11/24/2020 – 11/26/2020.

Expert chat & free trade fair ticket

Our experts look forward to chatting with you in detail. Secure your free exhibition ticket here.

At our virtual display you can find out how to

- create a smart network of safety technology equipment
- significantly reduce your wiring costs through the simple wiring technology of the ASi cable
- drastically reduce costs thanks to our material handling and drive solutions
- optimally connect intelligent sensors and actuators to the controller with our IO-Link modules

In the current issue of the AS-INTERFACE MASTER NEWS you can already read about

- why drive solutions for ASi-5 are an "Eldorado" in terms of application technology
- why networking with ASi-5 represents perfect communication with calculable profitability
- why ASi-5 already is a technological success story for Bihl+Wiedemann
- which new products you can expect at SPS Connect
